

Anyone Can Win Hanson Hills To Sponsor Unique Cross Country Race

Sunday, January 31 will be the day of the first annual, Hanson Hills Cross Country Poker Run, an exciting race in which the first, second and third place winners will walk away with a pocket full of money. The unique thing about this race is that you do not have to be an expert cross country skier to win, everyone has an equal chance, beginner and veteran skier alike.

Registration for the race will be held all day Saturday, January 30. The race itself will kick off at noon on Sunday, January 31. Each participant will complete a pre determined cross country ski course. At five checkpoints on the course, each skier will collect a playing card. At the end of the race, the best three poker hands will divide the pot which will be determined by the number of participants. The more people who enter the race, the bigger the pot will be. Registration fee for the Poker Run is \$3.00 and this entry fee includes the price of a cross country trail ticket which is good for all day.

Trains Change Schedules

Area snowmobilers should be on the lookout for a change in schedule of Detroit & Mackinaw Railroad trains.

Trains traveling northbound will be going through Crawford County in the late afternoon or early evening on Tuesday, Thursday, and Saturday. Southbound trains will go through on Monday, Wednesday, and Friday also in the late afternoon and possibly early evening. Although it is illegal for snowmobilers to use the railroad right-of-way, many snowmobilers still use it and should be on the lookout for the change in train schedules.

Lehman Crews Help Dig Out Grayling

Grayling, buried under heavy snowstorms on New Years Weekend and the following weekend, got help digging out of the white stuff from a nine-man work crew from Camp Lehman.

For three days 1 wt week after the last snowstorm, the Lehman work crew shoveled out crosswalks in Grayling and fire hydrants.

"We've been treated well by the community and we'd like to help any time we can," Duane Cory, Camp Lehman Supervisor said.

Three years ago, a 20-man volunteer Lehman crew spent three days shoveling roofs and sidewalks at the senior citizen center in Grayling. Camp Lehman usually has four work crews assisting with DNR projects and two crews working with the military. The recent heavy snows made it hard for crews to cut wood for the DNR so one crew was free to assist in Grayling. Cory said they will try to make a crew available again if another heavy snowfall occurs.

Boots and Skates Needed Local Recreation Area Looking For Used Equipment

Things are at last looking up for the Rasmus Hanson Recreation Area. So far the ski season has been excellent and now Hanson Hills has more to offer the winter sports enthusiast than ever before. The downhill ski slopes are in excellent condition with four lifts presently in operation and a fifth which will be going on the line in the very near future. A sledding and toboggan hill has been cleared and groomed and is offered free of charge to anyone who would like to take advantage of the area. The cross country trails have been remarked and this year, are being groomed on a regular basis. A beginners trail has been added to those which were previously in existence.

Authorities at the park have discovered however, that they are in short supply of some of the more popular ski boot sizes. If there is anyone in the community who has a pair of boots, size 8 through 10, which they would be willing to donate to the park they should contact the park at 348-9286. The park would also like to make ice skates available on a rental basis, but they presently only have 2 pairs.

Snowmobile Safety Class

The Crawford County Sheriff Dept. Snowmobile Division will be holding a Safety Class on January 23rd, 1982 between 9 a.m. and 11 a.m. at the Grayling Fire Barn.

There is no charge for this class. Anyone 12 years of age or older is eligible to attend. For further information, please call the Sheriff Dept. at 348-6341.

Register in Class Second Semester Adult High School To Begin January 25

Second semester adult high school completion classes will begin at Grayling High School on Monday evening, January 25. These classes are offered free of charge to any area adult who can apply the credit toward the completion of their high school education. All classes are held at the Grayling High School and all classes begin at 6:30 p.m. Registration for adult high school completion classes can be completed at the first meeting of each class. The semester will run for 17 weeks.

Classes scheduled for the second semester are as follows:

- Monday evenings; American History & Math-Science
- Tuesday evenings; English and Government
- Wednesday evenings; Typing and Personnel
- Thursday evenings; Literature and woodshop

These high school completion classes are being offered in cooperation with the Whittemore-Priscott School District and are not a part of the Crawford AuSable School's programs. The local adult education program was eliminated as a result of the millage defeat earlier in the year.

Masons to Hold 2nd All Game Dinner Jan. 30th

Because of the inclement weather on Jan. 16th, the Grayling Masonic Lodge will hold another Wild Game Dinner. All persons holding tickets for the first dinner will be honored. Donations of \$6.00 per person will still be in effect. This dinner is open to the public and everyone is welcome.

The dinner will again be prepared by the famous Chef Carroll Wert and his wife, Sally, and with the help of all Masons that can be there.

Over 80 people were served on the 16th and all were very satisfied.

There will be a film program also, presented by Carroll Wert.

The 2nd Wild Game Dinner will be on Saturday, Jan. 30th at 5 p.m. till ???

Citations Increase, Co. Accidents Drop

By Jon Thompson

Safety is the last thing you think about when the red lights start flashing and you've been caught for speeding.

But in Crawford County, more speeding tickets mean fewer accidents - fewer property damage accidents, fewer personal injury accidents, and, most important, fewer gruesome fatal accidents.

According to a Crawford County Sheriff Dept. report issued last Friday, fatal accidents in the county dropped from a total of 17 for 1978 and 1979 to a total of 6 for 1980 and 1981.

Property damage and personal injury accidents handled by the sheriff dept. dropped from a total of 738 for 1978-79 to 665 for 1980-81.

Citations issued by the sheriff dept. totaled about 1700 for 1978-79. For 1980-81 nearly 6,900 citations were issued.

The rise in citations and apparently resulting drop in accidents is attributed by the sheriff dept. to federal and state traffic enforcement

programs that allow Crawford County to put four extra full-time patrolmen on the road.

The effect of the four additional patrolmen shows in

Grayling Twp. Begins Construction Plans

Grayling Township moved a step closer to building a township hall by hiring an architectural firm to draw construction plans.

The township board approved hiring the firm at a regular meeting Jan. 12. The new building, 40 by 115 feet, has an estimated \$176,000 price tag on it. Included in the cost is the building, with six offices, a large meeting room, and restrooms, a

sewage system, and sidewalks and a portion of the parking lot.

If the township decides to go ahead and build, Township Supervisor Bernie Fowler said a township improvement fund will be used to finance most of the building. He said the township has been saving money in the fund for years and a new building will not cost township residents any additional

tax dollars.

The construction plans are expected to take about six weeks to complete. Then the township board can take the final step necessary to build by letting bids on the construction work.

The township, which grew from 6,500 persons in 1970 to 9,700 in 1980, currently rents three offices in the Grayling City Hall.

Tanker Jack-Knives on M-72 Dangerous Butane Fumes Aboard

By Jon Thompson

A tractor-trailer tanker carrying explosive butane fumes jack-knifed on West M-72 near the Kalkaska County line Saturday noon and traffic was rerouted for 3 hours as emergency crews worked to pull the tanker out of a snow bank.

Crawford County Sheriff Joe White said the empty tanker with the left-over butane fumes inside was more dangerous than a tanker carrying a full-load of fuel. One good thing about the empty tanker, White noted, it was easier to pull

out of the snow bank.

Slippery roads and poor visibility were cited by sheriff deputies as factors in the accident. M-72 traffic was rerouted along Manistee River Road and County Road 612 while the tanker was removed from the snow bank and Grayling Township Fire Department hosed down spilled fuel at the scene.

The drive of the tanker, Ken Ulfig, 26, of Lexington, was transported to Grayling Mercy Hospital for treatment.

Traffic was slowed down

on I-75 for two hours south of Grayling on the northbound lane after a pick-up truck rolled over. Four Lake City men in the vehicle were apparently uninjured in the accident last Thursday.

A red pick-up truck with rails on the side and driving lamps on top of the cab is being south by the sheriff dept. in connection with a breaking & entering in South Branch Township last Thursday. A B & E in progress was reported and anyone with information about the truck should call the sheriff dept.

Winter Sports Carnival: It Was Best in Michigan

By Jon Thompson

The Statue of Liberty ice sculpture built by John Deckrow, of Grayling, in 1941 was 62 feet high.

It stood on a base of ice larger than a tennis court and shaped like a star. Lighted from within, and with a red light and an insulated burner throwing smoke from the torch, it had the appearance of the real thing.

Back in 1941, the Grayling Winter Sports Carnival was the real thing - the main event in winter sports in the state. It was the biggest winter carnival and, with ice sculptures like Deckrow's, it was easy to call it the grandest.

Thirty-five thousand times that winter in 1941 toboggans with 5-6 persons raced at more than 60 miles an hour down six steel wall troughs at the Grayling Winter Sports Park.

The skating rink at the park covered five acres and was called the finest in the midwest. The Michigan Amateur Skating Races were held at Grayling that year with more than 175 contestants.

The park also boasted a 36-foot-high semi-pro ski jump. The Novice Ski Jumping Championship for the state was held at the park and Bob

Bennett, of Grayling, captured one of the divisions.

During one Sunday of the February winter sports carnival, nearly 10,000 persons jammed the park. Most of the 1,500 parking spaces at the park were filled and extra snow trains had to be scheduled that week from Detroit, Lansing, and Grand Rapids to accommodate visitors attending the carnival.

Among the visitors were a basketball team comprised

Ice Sculpture Contest

The 1982 Grayling Winter Sports Carnival will once again feature Ice Sculptures as part of the festivities according to Chairman Jack Hull.

Businesses or individuals wishing to participate should have their sculptures ready to be judged by February 10th. Cash prizes will be awarded at the Winter Carnival Kick-Off Dinner during the evening of February 11th.

Those who build sculptures should take a polaroid photo and notify either Jack Hull at 348-6361 or the Chamber Office at 348-2921, in order to be judged.

Sub-zero Temperatures Keep Ice Grip on River

Temperatures reaching twenty below zero in Crawford County continued to cause ice jams and raise water levels on the main branch and north branch of the AuSable River.

A prolonged cold snap started ice problems on the river Jan. 9 and as of Tuesday morning, Jan. 19, the problems remained.

Rudy Zalac, on the main-stream below Wakeley Bridge, said the water level dropped to normal during the middle of last week but then rose two feet last Sunday as the river froze over again.

Lloyd Stahl, on the north branch below Lovells, also said the water level dropped during the middle of the week.

"The river opened up overnight a section four to six wide in the middle but then ice cakes from upstream started plugging up the hole and it froze over again," he said.

Stahl said the ice is

causing the river to do strange things. He said the water level near his place is a foot higher than a stretch of the river 100 feet away.

Stahl guessed that if temperatures got into the teens for two days in a row and the sun shines, the ice covering the river in many places would break up.

Lovells residents say it's the first time the north branch has froze over since around 1910. That year, Jim Douglas, of Lovells, remembers walking across the ice on the river before milking the cows. When he returned after his chores, the river was open.

Stahl says the longer the ice stays on the river, the thicker it gets. And that means more problems when that ice does finally break up and head downstream.

One cabin on low land near Wakeley Bridge already has been surrounded from flooding caused by an ice jam.

HANSON HILLS CAKE—A 3 1/2 foot cake decorated like the Hanson Hills Ski Park - complete with ski hill, lodge, and ice skating rink with a sign that says thin ice - was one of the attractions at a wine and cheese party held at the park Monday, Jan. 11. The cake was decorated by Danny Barr, a member of the Camp Shawono crew working at the park.

Marshall's Hospitality House will be the place for a swimming party for the girls. Steve and Phyllis Sauter have offered their heated pool and whirlpool to the girls for an evening of fun for the past two years.

There are many people who help make the pageant a success. This year's pageant moms are: Carol Weiber, Sharon Klinger, Karen Curtis, Jan Reynolds, Karen Schlehuber, Carol Miller, Elaine Siwula, and Glenna Watters. There are others who help with raising money, publicity, tickets, getting gifts for the queen and her court, and helping with props the night of the pageant.

It all leads up to the exciting evening of February 6th at Grayling High School. Tickets should be available this week at the Chief Shoppenagon Hotel, WQON-FM, Cornell Realty, the Chamber of Commerce, or from any pageant mom.

They will also be available at the door. Be sure to get yours and bring the family.

Sibs for Kids Needs You

The Crawford County Sibs for Kids program has many youth who are in need of a Big Brother/Big Sister Adult volunteer companion. A Big Brother/Big Sister adult companion provides one on one contact with a Little Brother/Little Sister about once a week. If you don't have the time to be a Big Brother/Big Sister we are also seeking adult volunteers to supervise and assist in planning group outings and activities for the Little Brothers/Little Sisters.

If you are interested in being an adult volunteer please call Douglas Wilson or Paula Duncan at (517) 348-2841 ext. 262 or write Sibs for Kids program, Post Office Box 311, Grayling, Mi 49738 or you may stop in at the office located at M-72 West Industrial and Professional Plaza, Grayling. Please give a little of your time to our area youth because they are counting on you.

times as many warnings as tickets," Ruddy said. "And a large number of tickets are for equipment violation that can be validated as soon as the equipment is repaired."

Another part of the sheriff dept. traffic safety program is working with road officials to change dangerous intersections or sections of roads. White and the previous sheriff Curt Haas worked together to correct a dangerous intersection near Wakeley Bridge, where several serious accidents occurred, and the M-72/M-93 intersection, where a large number of accidents occurred.

The sheriff dept. even is taking traffic safety into the schools. Using materials from the Highway Safety dept., an officer is trying to teach safe driving values to children before they learn to drive.

Senior Citizen Satellite dinner held Jan. 8th with 20 for dinner, 4 helpers and 1 guest. We missed the ones that couldn't make it due to the weather. Paul Smith from the Sheriff's Office gave us some very sounding advice for elderly and it's good for all ages. When going anywhere to leave word to someone where and how long you would be gone, especially since the weather has been so changeable, and how it can change in two hours. So stop and think, we need each other. Do you have your "Vial of Life"? I know many of you have it, but as a reminder keep it updated, whenever you get a change in medicine, those that don't have it should look in to it, there's no charge, just a little of your time. 50-50 was won by Vi Middleton and also receiving a fruit cake for being nearest to having a birthday. After Jan. 25th on Wednesday and Thursdays Energy Assistance, 8:30 a.m. to 5 p.m. Nancy Brooks will be taking applications. The number to call is 348-8426. Call so you don't make a trip for nothing, one person can only take so many. Check into it, you can be eligible, what's ten minutes of your time, every year things change so who knows you may get help. Was so good to see the ones out for dinner, I've been lucky to have that day off so I at least get to see some of you. Thanks to Pauline Henion for doing the blood pressure and to the Sportsman for their club. See you Feb. 5th Take care.

Happy Birthday to our Senior Citizen William (Bill) Gorecki, Jan. 21, Jess Pratt 22nd of Frederic and Elenora White the 24th of Maple Forest.

Frederic Fire Dept. reports 4 ambulance calls and no fires.

of Detroit Lion football stars and other All-Americans. They played a local team made of players from Hanson's Cafe and Moose. Al Schacht, "the clown of baseball," refereed. Also in town for the festival was Dizzy Trout and Ty Tyson.

"Spike" MacNeven, the master of ceremonies, crowned Yvonne Bradley, of Grayling, Miss Winter Sports Queen that year.

Overall, it may have been the best year ever for the winter sports carnival. Many local residents say it was the best year for John Deckrow, who created the magnificent Statue of Liberty ice sculpture.

"He was 'the sculptor'" when it came to ice sculptures for the winter sports carnival," Clara Sorenson, of Grayling, said. "No one could make them like he could. He spent hours just making the plans for his ice sculptures."

Besides rated as the most splendid sculpture he made, the Statue of Liberty also lasted the longest of Deckrow's many creations. Ice from the 62-foot-high majestic statue is reported to have lasted into the month of July.

Plan Your Retirement Today

With an **I R A**

At

Gaylord State Bank

Now all workers, whether their employers have a qualified pension plan or not, will be able to maintain an Individual Retirement Account (I.R.A.). An I.R.A. is a personal tax sheltered retirement savings plan that allows tax-deferred contributions with compounded interest to accumulate until retirement (Anytime after 59½ years of age).

It is estimated that to maintain your current life style you will need between 70% to 80% of your pre-retirement income when you retire. Since Social Security will contribute about 30% and a pension plan approximately 30% more, an I.R.A. can make the difference for a comfortable retirement.

Contributions to an I.R.A. are fully deductible from gross income on Federal income tax returns, up to the maximum allowed by law. You may make this deduction even though you do not itemize other deductions. No Federal income tax is paid on either savings or interest until distribution begins. At that time, most individuals are in a lower tax bracket with perhaps more exemptions available so that the tax savings can be considerable.

For more information on the I.R.A., be sure to stop in or phone any office of Gaylord State Bank.

From Our Corner ...

DEPRESSING...that's hardly the word for it...for the past three weekends we have been blasted by old man winter with snow, sub-zero temperatures and winds blowing so hard one could not see across the street...last Friday it started all over again after a couple fairly nice days, and lasted through Sunday putting us again into the deep freeze...

This weather has just about got the ol' fella down...not only fighting the weather, Sunday we tried for about an hour to get the bride's car started to no avail...just what we needed...it is getting to the point we don't even care if we go outside...now that is depressing...

We laughed last summer when one nice Sunday afternoon the Leprechaun drove up behind the Avalanche with a brand new bright red four-wheel drive Jeep...at the time I thought just another play thing to amuse the Leprechaun in all the days off he has now that Mike and P.J. have their pharmacist licenses...

We're not laughing now...I can't remember how many times in the past three and a half weeks that I have dialed a Jeep to get home from the office...or go pick up milk and orange pop when neither of our cars would start...

We called him Sunday noon to see if he could get the bride's car started, he came over with jumper cables but we couldn't hook them onto the battery in the Monte...just like everything else you seem to buy these days, they are good for so long, then you might as well throw them away, there is no way you can repair them or you can't get to them to even try and see if they will continue to run...

Frustration brings on depression...and to think winter has just begun...

For anyone that is interested...it's 3:00 o'clock Sunday afternoon Jan. 17th and the radio just stated that it is a mild 10 below zero...and to think the sun will be setting in about an hour and a half...

From the Las Vegas Sun...You know you're in trouble when...the doctor asks if you're a brave little boy...

We received the following letter last week to late for last week's issue, so will run it now with our apologies...

Dear Whitey,

A couple of issues ago, in 'From Our Corner' you propounded a riddle involving the number of 'f's in a sentence and you assured us avid readers that you would relieve our anxiety by announcing the answer in a subsequent issue.

Well, a couple of issues have gone by and despite my diligent searching I haven't found the answer, to determine whether or not my answer is correct.

I realize that the Holidays (and the proverbial 'orange-pop' and deluges of snow) have intervened, but let's have the answer, please, in the next issue? My family and I have been Grayling summer visitors since 1927, by the way.

Sincerely,

Walt Clyma

Grosse Pte Woods

Sorry Walt for not following up on our quiz, and thank you for jarring our memory...the answer is six...we are happy to hear from our avid readers and will try not to let anything like the above happen again...

This does it for this afternoon...we're headed for the homestead and will try to keep warm...good-night T.J., Stef and Amber...and to all our readers here think positive...maybe it will warm up...

Carl Johnson is driving a new Olds 8 touring car purchased from Ben Jerome Motor Sales, Pontiac.

Instead of bringing home the bacon Jack Perry, grandson of Mr. and Mrs. James Perry, brought home a small roasting pig which he won at the St. Mary party at Burke's Garage. Jack, who is 11 years old, is still just a little bit dazed over his good fortune. The pig weighed about 25 pounds.

Sunday evening, Mrs. Adolph Peterson entertained Queen Virginia Skingley and her court and a few of her neighbors dropped in. Later in the evening the party drove out to the winter sports park and completed an evening of fun and hilarity.

Mr. and Mrs. Rollie Failing and daughter Joanne and the former's mother, Mrs. Mary Hummel, spent Sunday at the home of Mr. and Mrs. William Jensen down the river.

In honor of the birthday anniversary of her daughter, Joan, Mrs. Willard Harwood entertained a number of her little friends Wednesday of last week. Games were enjoyed and a nice lunch was served. Those present were Donna Carlson, Joyce Barber, Clare Jane Lazarowicz, Ruth Beck and Jean and Barbara Clough.

69 Years Ago

January 23, 1913

The "Just Us" Club met for the first time this year last Saturday evening, with Mrs. Fred Mutton.

F.H. Ivory returned to Orion Tuesday after a month's visit at the home of his daughter, Mrs. C. Hathaway. Mrs. Ivory remained for a longer time.

The ladies "Five Hundred" club resumed their Wednesday afternoon meetings this week. This was the first meeting since before the holidays.

Mrs. Bert Hile moved to Michelson last week for the winter. Mr. Hile is filer in the mill at that place.

Member of the married peoples card club were delightfully entertained Monday evening by Mr. and Mrs. Scott Loader.

A letter received from Miss Anna Olson from Los Angeles, Calif., states that she has met several Grayling people there. Among those mentioned were Mr. and Mrs. Hans Schmidt and Mrs. Marie Flagg. Mr. and Mrs. Schmidt expect to visit Grayling next summer.

Mr. and Mrs. Benedict of Grayling and Mr. and Mrs. Charles Graves were guests at the Annis home in Beaver Creek last week.

George Bissonette and family of Lovells will move to Pinconning Wednesday where they will make their future home.

The city phone at Frederic will be doing business this Wednesday, about 48 having been put in so far.

The Messrs. Charles Duford & Clayton Howard of Standish visited the Misses Smith & VanPatten the latter part of the week.

The Bible Speaks

From Calvary Baptist Church

THE BLESSINGS OF JUSTIFICATION

In Romans 5 we are reminded of the advantages and extent of our justification. "Therefore being justified by faith, we have peace with God through our Lord Jesus Christ: By whom also we have access by faith into this grace wherein we stand, and rejoice in hope of the glory of God." Romans 5:1,2.

Notice that the present results of "being justified by faith" are connected to the preceding context by the word, "Therefore." Everytime you read the word "Therefore" you look back at the context to see what it is there for. God has already showed us our need for Justification in chapters 1, 2 and up to verse 23 of chapter 3. God gave us the plan of Justification in 3:24-31. God gave us illustrations of Justification in chapter 4. Now God is sharing with us the results of Justification in Romans 5:1-12.

1. Peace with God is the first result of being justified by faith. All around us men are seeking peace, but there is no peace until we receive our Lord Jesus Christ as the prince of peace into our hearts. Jesus Christ by his shed blood on the cross has made peace for us. Ephesians 2:13-18. We were enemies to God, we were in rebellion against God, but God has made peace available to us.

2. Access to God by faith is the second result of being justified. "By whom also we have access by faith." God has made us "accepted in

the beloved." Ephesians 1:6. "Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need." Hebrews 4:16. We who trust Jesus Christ have been born into the family of God and may therefore enter his presence boldly.

3. Our standing of Grace. "....Into this grace wherein we stand." Our standing before God is all of grace, it excludes all human works or merit. Grace is receiving something from God we do not deserve. We certainly do not deserve to have perfect standing before a Holy God. Only Grace can give us this standing, and only Grace can keep us standing. Sin may corrupt my state, but sin cannot corrupt my standing of Grace before God.

4. Rejoice or happiness is a result of Justification. "Whoso trusteth in the Lord, happy is he." Proverbs 16:20. "But rejoice, inasmuch as ye are partakers of Christ's sufferings: that when his glory shall be revealed, ye may be glad also with exceeding joy." I Peter 4:13. Christians are to be happy even in suffering because of the great hope of Christ's return.

5. "Hope of the glory of God" is the result of Justification. The second coming of our Lord Jesus Christ is called that blessed hope. Only Justification can assure us of that blessed hope. Have you experienced the results of Justification in your life? (adv.)

Prayer For Christian Unity

An Ecumenical Prayer Service for Christian Unity will be held at the Free Methodist Church on M-72 West on January 22, 1982. Rev. Larry Evoy will be host pastor and several ministers from various churches of the area will participate in leading the service.

The theme for this year's prayer for unity is "May all find their home in you, O God" (Ps. 84). The public is invited and encouraged to join in this prayer together for Christian Unity. The service will begin at 12:15 p.m. and finish by 1:00 p.m., so those who work can participate during their lunch hour.

Youth Services Awarded \$9,400

The AuSable Valley Youth Services Bureau has recently been awarded a contract from the Office of Criminal Justice program of Lansing, Michigan. This contract provides funding to continue the diversionary referral program through the Crawford County probate court. The program is one of the many intensive counseling programs of the bureau. Diversionary referral works with first status offenders and their families in group, family and individual counseling settings as well as providing clients with such services as job skills training, tutoring services and summer recreational outlets.

Funding for this contract is two fold. The Office of Management and Budget of Lansing provides \$4,400.00, and the Crawford County Board of Commissioners generously provided the match monies of \$5,000.00 required by the contract.

Many of the above services are also available to the general public. If you have any questions concerning services available to youth and their families please call (517) 348-2841 ext. 262 or stop by the Youth Services offices located at the M-72 West Industrial and Professional Plaza in Grayling, Mi.

Bits O'Talk

By Fay Bovee

Malvina Hoover is visiting her children in California for two months.

A very quiet weekend - everyone curled up in front of the fire on Saturday night for the third weekend of stormy weather. From the piles of firewood in everyone's yard, we think they all kept warm.

In spite of the Saturday blizzard, a good crowd turned out to welcome Bob and Nora Scheys and their new Country House, formerly Auman's House of Catering. On hand for the Open House were some of their children, Tony and Jody Caruso and two children of Warren; Danny and Debbie Scheys and son of Detroit; and Becky Scheys and friend of East Detroit. They were all guests of the Dale Nicholas and Tony Nicholas family.

Mr. and Mrs. Mike Gibbons stayed overnight on Saturday with his brother and family, the Tom Gibbons. They were enroute from Lansing to their home in Charlevoix and because of the storm thought it best to stay overnight here.

Grayling opened up 1982 with a win over Kalkaska but dropped a close decision to Rogers City last Friday. Grayling travels to Petoskey Friday and then hosts a tough Reed City squad in a Saturday game.

Grayling pulled ahead of Kalkaska 33-27 and held on for a 61-57. Grayling coach "Butch" Hayes used combinations of four quick men and one big player that worked well against Kalkaska, a team with several good jumpers but few good ball handlers.

Ted Methner led the green and white with 19 points and Brad Trenary added 12. Jamie Radebaugh scored 9, Monte D'Amour 8, Jim Schrader 7, Wayne Ross 4, and Tracy Fagan 2.

In the Rogers City game, Grayling fell behind 14-8 at the end of the first quarter but caught up by the end of three quarters taking a 37-35 lead in the low-scoring Michigan Huron Shores Conference game.

Two free throws with one second left in the game by Rogers City handed Grayling its fifth league defeat.

Brad Trenary took scoring honors for Grayling with 19 points. Methner hit for 10, Radebaugh and D'Amour 7 apiece, and Fagan and Ross scored 4 each.

The Vikings were only 5 for 13 from the charity stripe while Rogers City hit 11 of 17.

In J.V. action, Grayling upped its record to 5-3 with two narrow victories over Kalkaska and Rogers City.

Against Kalkaska, Barsie Cross had 20 points, Paul Hamlin 16, and Jon Nicholas 9, to lead Grayling in the close contest.

Against Rogers City, Grayling J.V. coach Tom Mills said his team played outstanding defense in building up a 38-20 third quarter lead. Then Rogers City came on strong, pressing the Vikings and making free throws to pull close. Grayling, with Jeff Branch breaking the press, hung on to win 45-43. Mills said Cross played an excellent defensive game and also scored 8 points. Mike Hickey led Grayling with 15 points and Jim Steward had 8 points.

46th Judicial Circuit Court

The following persons appeared 1-15-82 before the Honorable William A. Porter, Circuit Judge:

Theodore J. West of Roscommon, was sentenced to one year in the County Jail, eight months to be served forthwith the balance of four months to be withheld pending review of the defendant's behavior while on a 36 months probation.

He was assessed \$300.00 cost and ordered to repay to the County all court appointed attorney fees. West was convicted on his plea of guilty to attempted breaking and entering an unoccupied building with intent to commit larceny.

Thomas L. Johnson of Grayling, was sentenced to one year in the County Jail, the first 45 days of which are to be served forthwith with the balance of 320 days to be withheld on a day to day basis pending successful completion of a 48 months probation period.

In addition, Johnson was ordered to pay costs and to reimburse Crawford County for all court appointed attorney fees. Johnson was convicted on his plea of guilty to resisting and opposing a police officer.

Myron M. Basch of Traverse City, was sentenced to one year in the County Jail, the first 10 months of which is to be served forthwith, with the balance to be withheld on a day to day basis pending successful completion of a 24 month probation period.

Basch was convicted on his plea of guilty to attempted malicious destruction of property.

District Court

The following persons appeared before District Court Judge Francis L. Walsh in 83rd District Court on Tuesday, Jan. 12:

Raymond Carr, Jr., 18, of Roscommon, demanded preliminary examination to a charge of breaking and entering an unoccupied building. He was cited on a citizen complaint Jan. 3, 1982.

Robert Perkins, 20, of Frederic, plead guilty to a charge of unlawful use of marijuana and was fined \$205 or 30 days. He was cited by Crawford County Sheriff deputies on Dec. 19, 1981.

Terry Press, 21, of Grayling, plead guilty to a charge of larceny of property valued at less than \$100. He was sentenced 15 days in jail. Press was cited by Grayling City Police on May 5, 1981.

Dale Lee Wheatley, 39, of Tawas City, plead guilty to a charge of impaired driving and was fined \$255 or 14 days. He was cited by city police on Sept. 16, 1981.

Leon McIntosh, 60, of Lovells, plead guilty to a charge of Driving Under the Influence of Liquor and was fined \$305 or 30 days. In addition, his license is restricted for 90 days. He was cited by sheriff deputies on Dec. 29, 1981.

William Bond, 58, of Grayling, plead guilty to a charge of D.U.I. and was fined \$305 or 30 days. Additionally his license is restricted for 90 days. He was cited by sheriff deputies on Nov. 6, 1981.

William Northrup, 41, of Grayling, plead guilty to a charge of driving while his license was suspended. He was fined 3 days and \$105 or an additional 10 days. He was cited by sheriff deputies Nov. 13, 1981.

Push For Economic Recovery To Continue In Legislature

Warren M. Hoyt, Executive Director, MPA

Legislative agendas for 1982 will continue to push for legislation aiding the state's economic climate in order to make the state more attractive to business and industry.

Governor William G. Milliken believes the state's recovery is so important, that his running for re-election or for the U.S. Senate could hamper any efforts and has decided not to seek any elective office so he could concentrate fully on the problems facing Michigan.

House Speaker Bobby Crim of Davison also may not seek re-election (he earlier announced he would not be a candidate for the Democratic nomination for governor) and he too, would be free to work solely for economic recovery without possible charges of politics surfacing during deliberations.

Senate Majority Leader William Faust of Westland, although expected to seek re-election to the Senate, has been able to work well with the governor and other legislative leaders to forge legislation for the betterment of the state.

And House Minority Leader William Bryant of Grosse Pointe Park said completing the state's economic recovery package including changes in unemployment compensation and the single business tax - will be the main priority for legislative action in 1982.

Bryant, however, said working on some of those issues may prove difficult to get the backing of the so-called "dissident" Democrats, who helped Republicans pass the major portion of the worker's compensation reform package last year.

He said especially sensitive to Democrats will be the governor's proposal that unemployed workers wait a week before receiving bene-

fits.

Such a proposal could save business and industry as much as \$115 million each year.

He noted that earlier reforms in unemployment compensation enacted in 1980 are sunsetted for 1983 (will expire unless re-enacted) at which time benefit levels would be rolled back to the pre-1980 levels.

Bryant said with the sunset approaching, it may be possible to negotiate some agreement with the Democrats on cutting compensation costs to business.

Bryant said another priority for the year will be the continuing search for a property tax reform proposal.

He suggested the public likely will not agree with Governor Milliken's veto of legislation providing an additional \$150 million in property tax cuts.

Bryant said it would be difficult this year to consider any tax increase designed to prevent further state budget cuts.

If any tax increases are considered, however, it would be politically easier to increase nuisance taxes such as the cigarette tax, but he added almost any other tax increase would have to be tied to a property tax cut.

Everyone agrees. Economic recovery issues remain the most important for the Legislature to address with the opening of the 1982 session.

With enactment of the tough worker's compensation reform package, labor Democrats have proven they can work with business oriented Republicans putting together a coalition to make some hard decisions to better the state, keeping it a viable place to live and do business in the future.

Employee of Month at Mercy

Jeri Golnick, Personnel Secretary, goes over material to be filed. She is the January Employee of the Month for Mercy Hospital, Grayling.

A new employee recognition program came in with the new year at Mercy Hospital, Grayling.

The Employee of the Month Program which started in January 1982, was designed to give special recognition to outstanding employees. Department Heads nominated those employees who deserve recognition for doing their job exceptionally well.

The Employee of the Month for January is Jeri Golnick, Personnel Secretary. She will have lunch with Sister Mary Hilda, R.S.M. President and Chief Executive Officer once each month for the next year. They will be joined each consecutive month by other employees who receive the Employee of the Month

award. She will also receive a Certificate of Merit.

Golnick has worked at Mercy Hospital since 1967. She worked in the X-ray Dept. and EKG before becoming Personnel Secretary.

Golnick is enthusiastic about her job and her years at Mercy.

"I love it," she said, "Every time the door opens it's a new experience."

Varsity Volleyball Gets First Win

Grayling's varsity squad battled Boyne City 2½ hours before reaching a one to one split. In the first match Grayling won 15-4, 6-15 and 15-13.

The Vikings dominated with powerful serving from Jenny Riker who nailed 20 of 21 with four aces. In the deciding third game, Riker, Kay Fox and Tammy Savallisch put over some key serves to keep Boyne on the defensive.

Riker, Wendy Savallisch and Shelly Trenary led the setting statistics. Coach Becky Brown stated, "excellent sets paid off with good spikes from the entire squad. Shelly was working as a setter for the first time and did a nice job for us."

Trenary, Riker, Savallisches, Fox and Lisa LaMotte were solid and aggressive in court action with key bumps and saves.

In the second match, Grayling lost the first game 8-15 but came back to win the second 15-7. In a hard-fought final game, Boyne came out on top 15-12.

"Everyone did a good job of reacting to the ball but when it came to the final serves we choked a little and that gave Boyne the opportunity to score," Brown said. "I was really pleased with the team's improvement and hustle. Jenny Riker and Shelly Trenary played a super all-around game."

Player of the Week: (1/6/82) Wendy Savallisch; (1/13/82) Jenny Riker.

The JV squad lost to Boyne City evening the Viking record at 1 and 1. Grayling's serving attack was headed by Deanna Hubbard and Tammy Moore. Overall playing statistic leaders were Hubbard, Moore, Dawn Phelps and Shannon Krays.

"We just weren't going after the ball quickly enough to set things up and get our momentum going, but we're determined to come back strong against Gaylord the 27th."

The varsity travels to Oscoda for an invitational this Saturday.

How To Stay Warm and Save Energy This Winter

By Gail Edwards

Many people lower thermostats in an attempt to reduce the cost of heating, but no one wants to shiver all night for the sake of a lower utility bill.

Many people use electric blankets to save the expense of heating the whole room at night, but, according to Anne Field, Extension specialist in family resource management at Michigan State University, there are ways to keep warm this winter without using electricity.

Most of the following ideas operate on the principle of insulation.

- Napped or woven fabrics for nightwear will keep warmth next to the body. Bed socks and night caps,

like those worn years ago, are being used more frequently today.

- Sheets and bedding that are made of napped flannel feel warmer than smooth fabrics. Quilts and comforters or a thermal blanket placed under a smooth-woven cover help insulate without being too heavy.

- A plastic foam topper placed under the mattress pad adds warmth and comfort by trapping heat, much as foam used in outerwear jackets for insulation does.

- Warming pans, soapstones and hot water bottles were used years ago to add warmth to the bed. Field says that enterprising businesses are starting to sell many soapstones again. The flat soapstone is heated on a woodburning stove or another hot surface for a few hours. It is then wrapped in a blanket or other heavy material and placed in the bed to warm it before retiring. The soapstone holds heat for several hours.

- Canopies and bed curtains were also used years ago to shut out the cold room air, and some people are using modern versions to keep the bed warm.

- In homes that are not weatherized well, Field suggests using heavy drapes, insulated shades or taping plastic over the windows to keep cold drafts from entering the house.

THANK YOU

We would like to thank all of our friends and neighbors for their acts of kindness following the death of our mother and grandmother.

We would also like to thank the staff of Grayling Mercy Hospital and Otsego Memorial Hospital for the care extended to her.

A special thank you to Reverend Spencer for his hospital visits and his words of comfort.

News of Good

Things Growing

Margaret G. McCall

This year, for the 40th consecutive year, the Michigan Dept. of Agriculture is cooperating with growers and food processors in presenting an All Michigan dinner for newspaper publishers and editors of the state.

Menus change each year to reflect the great variety and versatility of Michigan agriculture, and to introduce new products as they are developed. A look at past menus illustrates the changing nature of Michigan agriculture and the new technology which helps our farmers produce all those Good Things Growing in Michigan.

For example, over the years we've seen asparagus acreage increase until Michigan is now the third largest producer in the United States. Similarly, new varieties have helped our state capture first place nationally in blueberry production, and this column has reported previously on the growth of Michigan's wine industry.

This year's All Michigan dinner will feature Michigan navy bean soup (Michigan produces 91 percent of the nation's crop); roast breast of turkey with cornbread sausage stuffing; creamy mashed potatoes (our state grows a billion pounds annually); and Michigan Waldorf salad, which combines Michigan apples and celery (we're third nationally in production of both these crops) with Michigan black sweet cherries (fourth largest production in the U.S.) and Michigan whipped cream.

Representing the important dairy industry of the state besides whipped cream will be fresh Grade A milk, butter for the dinner rolls, and ice cream. A brand new product, red tart cherry sauce, will top the ice cream.

Relishes will include pickles (we lead the nation in production of pickling cucumbers) and marinated fingerling carrots (Michigan is fourth nationally in carrot crops) and, of course, there'll be Michigan wine (our state is sixth in wine production).

Frank Jensen Retires from MDOT

Frank R. Jensen, Brooklyn, a bituminous plant inspector, will retire Jan. 15 after 34 years with the Michigan Department of Transportation (MDOT).

Jensen joined the department in 1946 as a highway engineering aide at Higgins Lake in MDOT's 12-county Alpena District. He was promoted to highway engineering inspector in 1948, and worked on various highway projects throughout the state, including construction of I-94 (Ford) Freeway in Detroit and I-94 Freeway in southwestern Michigan. Jensen retires as a bituminous plant inspector in the department's eight-county Jackson District, where he has worked since 1958. The main function of the job is to make sure that materials used in asphalt paving jobs meet contract specifications.

A native of Frederic in Crawford County, Jensen plans to move back to the area after retirement and work as a consultant to a private bituminous firm in northern Michigan.

Jensen served in the 95th Division of the U.S. Army in Europe in World War II.

RSVP Reports

Sherry Haag, Director

Welcome to news of RSVP. This week's topic to be covered is further information on the recent White House Conference on Aging held Nov. 30 - Dec. 3 in Washington, D.C. Until recently people looked to Uncle Sam to alleviate the aches & pains of aging. Retirement plans were established to ease the financial burden. Health and social service programs attempted to improve the quality of life. The government is now turning to the private sector to assume some of that responsibility. With the help of tax credits or other incentives, business and industry should be eager to utilize the experience and skills of older individuals and incorporate them into their programs. Alternative work patterns, flexible retirement policies and coordination with local volunteer programs may be the best investment private enterprise ever makes. In Jasper, Indiana, the National Can Corporation contacted RSVP for help in forming a successful recycling operation. RSVP sells the corporation cans for recycling and National Can

increases RSVP's productivity by donating equipment. Twenty volunteers working on Tuesdays and Saturdays take care of approximately 150 people and process 3,000 lbs. of aluminum cans - yielding approximately \$1,500 in profits each month. This project is just one area where RSVP and the private sector have formed partnerships, each drawing on the others' experience and expertise to get the job done.

In Michigan, RSVP in Gaylord is the newest program. It started in October of 1981. At present, there are 12 stations and 9 volunteers. Volunteers are serving at the Family Services Center, Senior Citizen Center, and Social Services.

Locally, volunteers are needed at the Youth Services offices. Duties will be answering phones and taking messages. Times would be in the morning, 9:00 - 1:00, Monday through Friday.

If you'd like to become a member of RSVP or know someone who might be interested, call the office at 348-4341 or 348-8322 for more information.

If you have any old magazines you no longer need, we would use them for a scrapbook project. The scrapbooks will be used for the COOR Intermediate School for use as training aids for children and adults with learning disabilities. You can drop them off at the office or call and we can pick them up.

If you have suggestions or ideas where RSVP could be of more help to the community, please feel free to contact me.

Tri-Captain of Hockey Team

Meriden, NH—Robert L. Rankin, son of Mrs. James A. Shively, has been chosen as a tri-captain of Kimball Union Academy's varsity hockey team.

As a second year starter for the team, Rankin has been one of the mainstays in K.U.A.'s current 8 and 1 record. Among their recent victories have been New England College J.V., Holderness, New Hampton, and Dartmouth College J.V.

12. The Crawford County Sheriff Department Activities report for November was received, reviewed, and placed on file.

13. Howard Guyett inquired about the status of the questionnaire being submitted to petitioners requesting additional fire protection in the east end of the township.

Fowler informed the Board that rumors have again been circulating that a squad car is sent to investigate when a fire call is received before fire trucks are underway. Fowler will request what time the Sheriff Dept. received the call relative to the recent fire on Horseshoe Trail and what time the fire trucks left the fire hall.

14. Mickey L. Perez, CPA, distributed and reviewed the audit report for the 1980-81 Fiscal Year and requested clarification of the Board's intent of funds transferred between the General Fund and the Township Improvement Revolving Fund. Motion by Gardiner, supported by Wieland, to clarify that the Board's intent was to have \$40,000.00 transferred to the Township Improvement Revolving Fund from the General Fund in the 1980-81 fiscal year and have all the interest earned in the Township Improvement Revolving Fund (\$6,441.12) during the 1980-81 fiscal year transferred to the General Fund for general fund operations, All ayes. Motion by Wieland, supported by Hallett, to accept the audit report prepared for the 1980-81 Fiscal Year. All ayes.

15. An ordinance establishing an assessment district for a street light request at the entrance of the property of Northern Michigan Land and Oil Corporation was offered as follows:

ASSESSMENT ORDINANCE
Ordinance No. 1 (82)
TOWNSHIP OF GRAYLING
CRAWFORD COUNTY, MICHIGAN

WHEREAS, a petition has been filed with the Township of Grayling by Northern Michigan Land & Oil Corporation whose address is P.O. Box 470, Grayling, Michigan 49738, representing one hundred (100%) percent of the property owners, to create a special assessment district for the purpose of installing and maintaining a lighting facility at the entrance to certain property adjoining Highway M-72 West in the Township of Grayling, Crawford County, Michigan (being Parcel No. 20-042-013-005-050-00), described as follows:

The North 1/4 of the Northwest 1/4 of Section 13, Town 26 North, Range 4 West, Grayling Township, Crawford County, Michigan.

THEREFORE, THE TOWNSHIP OF GRAYLING ORDAINS, ARTICLE 1, Section 1.

(a) This ordinance shall be known as a special assessment lighting facility ordinance on a part of Section 13, Town 26 North, Range 4 West, Grayling Township, Crawford County, Michigan, located on M-72 West.

(b) There shall be levied against said adjoining property owner, an annual assessment for the installation and maintenance of the lighting facility.

(c) Unpaid amounts shall bear interest at the rate of twelve (12%) percent from the date of levy of the assessment.

(d) The cost for said improvement described herein shall constitute a lien against the adjoining property owner until fully satisfied.

SECTION 2.
Should any section, clause or provision of this Ordinance be declared by a Court to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof, other than the part declared to be invalid.

Motion by Bonkowski, supported by Hallett, to adopt said ordinance. Roll Call: All ayes.

16. An unsigned letter relative to the adoption of Ordinance 81-2, Grayling Township Zoning Ordinance, and a referendum petition filed on 7-17-81 was received and referred to legal council for review.

17. Fowler informed the Board that he was working with the City of Grayling and the Burnham & Flower Agency, Inc. on a replacement cost type of insurance for the Fire Dept.

18. Bob Somerville, AAI, Inc. met to review proposed plans for a Township Hall. A cost estimate of a building for office space and a meeting room just under 5,000 sq. ft. to be located at the compactor site was made at \$176,000.00. Construction costs of a steel building shell, foundations, land clearing and filling, and relocation of the garage was estimated at \$80,000.00. Discussion was held on financing and interest rates. Time involved to have specifications drawn and bids advertised is estimated at about six weeks. No comments were received from citizens present. Motion by Bonkowski, supported by Gardiner, to accept preliminary drawings with revision date of 12-16-81 and proceed with construction documents as stipulated in the agreement between the Township and AAI, Inc. executed on 12-8-81. Roll Call: All ayes.

Fowler also informed the Board that he has submitted a letter to the City of Grayling relative to obtaining approximately 2.0 acres of land adjoining the compactor site to plan additional parking in conjunction with the Little League.

19. Supervisor Fowler reported on correspondence he received from Michigan Townships Association Legislative Agent on Public Acts 210 and 213 and the effect they will have on taxes and assessment change notices.

20. The report of Assessing Department functions was received, reviewed and placed on file.

21. A report of Building and Ordinance functions was also received, reviewed, and placed on file. Brief discussion on inspection of stoves, fireplaces, and woodburners was held.

22. The Compensation Commission report was received and reviewed. Motion by Bonkowski, supported by Hallett, to accept the report of 12-8-81 as submitted. Roll Call: All ayes.

Motion by Hallett, supported by Bonkowski, the bills as presented on vouchers 5367 through 5400 in the amount of \$18,701.67 be approved for payment. Roll Call: All ayes.

Motion by Bonkowski, supported by Wieland, meeting be adjourned. (8:52 p.m.) All ayes.

IN CONTROL—Viking wrestler Tim Jensen has this match well in control. Jensen captured a first place last weekend at a tournament in Clare.

Mat Men Win Again; 6-0 in Dual Matches

Grayling wrestlers notched another win in dual matches last Thursday against St. Ignace, and last Saturday, they brought home their sixth trophy with a second place at a Clare tournament.

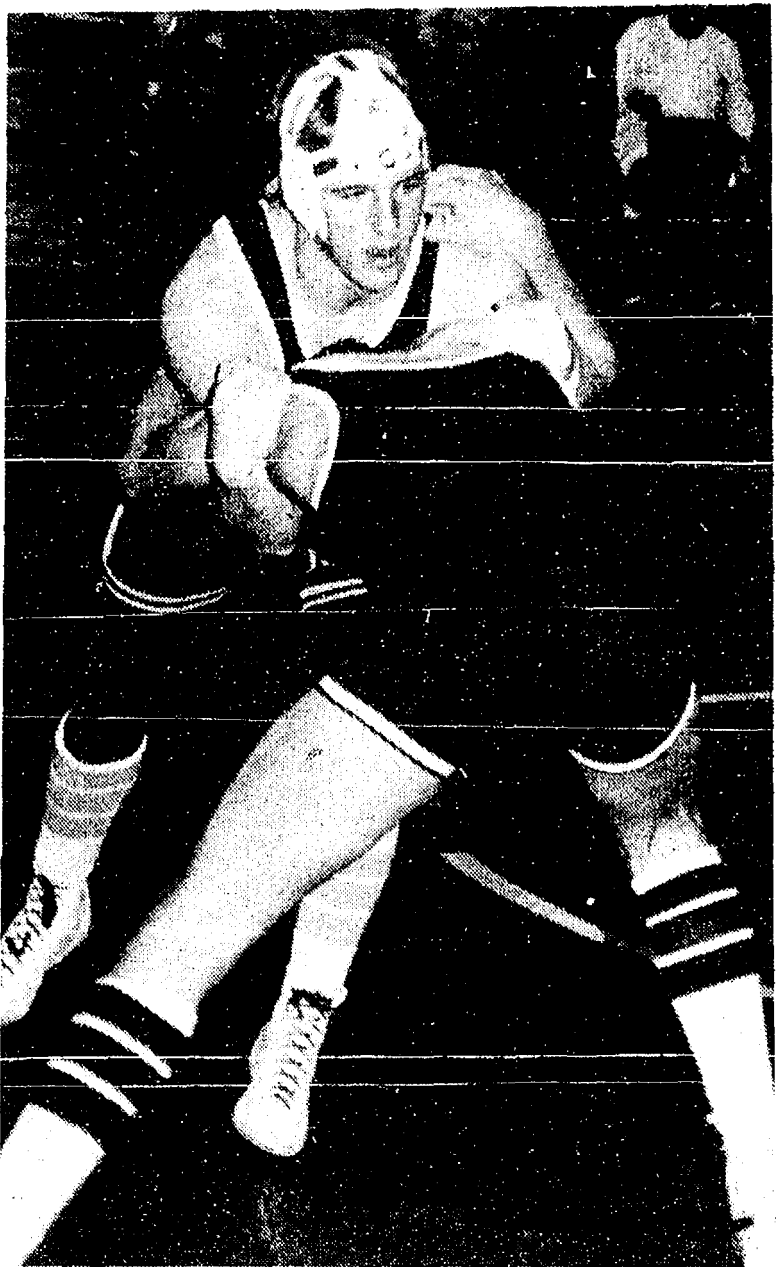

Against St. Ignace, senior Tim Ferrigan was presented with a 100th victory medal by his coach Don Ferguson. Ferrigan celebrated the evening by pinning his opponent.

Dan Meldrum, Jim Piper, John Solomonson, and Jeff Knight also won by pins to help lead Grayling to a win over the Saints.

Chris Krajenka, Tim Jensen, Dave Pettit, and Steve Sauve also picked up wins. In J.V. matches Ron Wyman won by a pin and Jim Harwood took a 10-4 win.

In the Clare tournament, Grayling had three champions, Ferrigan, Jensen, and Solomonson. Sauve placed second as did Pettit. Knight took a third and Krajenka, Tom Sorenson, and Meldrum took fourth.

Grayling finished behind Shephard 201 to 123 in the eight-team tournament.

FERRIGAN 25-1—Tim Ferrigan, on top of his opponent in this picture, upped his record to 25-1 last weekend with a first place finish at a Clare Tournament. Ferrigan has helped the Vikings to a 7th ranking in Class C this year.

She lived Life to the Hilt in Australia

By Jon Thompson
Eve Konopnicki went looking for adventure in Australia as a student in a Youth for Understanding exchange program and she found it.

"I was repelling down the side of a cliff during a cave-exploring trip when I looked up and saw something strange about 20 inches from my hand. It had a triangle head, it was brown, and it was flicking its tongue at me," she said. "When I could finally make it out that it was a snake I got out of there. Later we looked up a picture of the snake I saw and we found out it was a death adder, a poisonous snake."

Her other adventures were more enjoyable. She spent hours scuba diving - her favorite pastime - below waters in the well-known barrier reef off the northeast shore of Australia.

"The coral there couldn't have been painted any more beautiful than it was. The variety and diversity of the reef is great. You couldn't ask for anything more in a place to scuba dive," she said.

For nearly a year, Eve explored Australia's "Out-back" barrier reef, coast islands, and cities while attending 12th grade at one of their high schools. She left Grayling in Jan. 1981, halfway through her senior year after earning enough credits for an early release and a GHS diploma.

She returned to Grayling last Dec. with no regrets.

"If I had the chance to live last year over again, I'd do the same thing."

"There's so much to see in Australia, so many things to do. It was my number one choice out of 50 countries to pick from in the program. I knew it had good scuba diving and I wanted to go to a warm climate for a change."

She lived in Townsville, population 100,000, in the northeastern part of Australia, and attended a high school with 2000 students.

"Their school is very hard," she Eve, a honor student at GHS. "I would compare their high school senior level to the freshman or sophomore level in college over here."

She said the teachers there get much more respect than teachers here. She also said overall people there have a really great sense of humor.

Eve said she missed cross-country skiing while in the "down under" country. She's been skiing since seven years of age but had no snow to ski in during her stay in Australia.

She also missed her senior prom at GHS and experienced homesickness only once during her stay - in June when her GHS classmates were graduating.

"It was the only time I really wanted to go home. All my friends home were taking off after graduation yet we were only in the middle of the school year there."

When she did return home in Dec., the first thing she did was catch up on sleep.

"I had jet lag. I went to sleep at 11 the night I got home and I slept until 8 the next night."

Eve's currently working at Hanson Hills and WGRY as a disc jockey. She plans on attending MSU in March and continuing to travel whenever she gets the chance.

"I definitely will be traveling again. I want to see Australia again sometime and I want to go over to Europe. I believe no matter where you go there's fantastic people there to meet."

Her outlook on all her travels and adventures is simple: Live to the hilt but keep your morals.

CARD OF THANKS

We would like to thank the Fire Dept., Sheriff's Dept., our friends and neighbors for their help when our home was on fire on January 12th.
Charlie and Annie Budd

KANGAROO SKIN—"Kangaroos are so plentiful in Australia yet they're so stupid," said Eve Konopnicki, of Grayling. "They stand in the middle of the road and blink at you. You have to get out of your car and chase them off the road." The kangaroo skin she's holding above is one of several mementos she brought back from her year-long stay in Australia.

RSVP Reports

Sherry Haag, Director
Welcome to news of RSVP.
Hope everyone is shoveled out. What a storm!

In the next few weeks I'll be discussing areas touched at the recent White House Conference on Aging which took place Nov. 30-Dec. 3 in Washington, D.C.

Areas to be covered in future weeks will be Voluntary - Private Sectors - Maintenance of Wellness - Economy & Aging - Older Women - Education - Mental & Physical Health - Family & Community Support Systems - Housing - Retirement Income and Continuing Community Participation.

On the subject of volunteerism, President Reagan has stated his belief and pledged his support for a partnership of government and the private sector to help renew the spirit of volunteerism as one approach to solving existing community and state problems. This partnership is very apparent in the ACTION older American Volunteer programs of which the Retired Senior Volunteer Program is one.

Presently there are approximately 4.5 million older Americans utilizing their talents in volunteer service to the country. Contrary to popular myth, older Americans want to be productive, independent members of society. ACTION & RSVP believe that preserving the human dignity and improving the quality of life are national responsibilities. It encourages providing more opportunities for older Americans to direct their talents and energies toward helping communities and themselves.

Locally volunteers provide contact with home bound citizens through the daily telephone reassurance calls and weekly friendly visiting calls. Volunteers provide transportation for doctors visits or hospital trips. Presently we are in need of volunteers to answer the phone and take messages at the Youth Services Office. Times would be from 9-11 on Mon. or Fri. There is still a need for volunteers to help after school tutoring children at the middle school.

If you'd be interested in any of these assignments, please give the office a call. Or if you have any ideas on activities you might be interested in volunteering for, let me know.

RSVP is in the community to serve the needs of the community and to let seniors use their talents and time for useful worthwhile projects. Help us help you! Give us a call with your ideas at 348-4341.

Good News In Frozen Foods

Some pork cuts have shown seasonal declines, but weekly production rates are below a year ago, so don't expect a drastic drop in price. Some stores are featuring whole loins at bargain prices, so the larger packages can reduce the cost per serving.

In the beef department, the best buy is ground beef. Look for specials on primal cuts, such as rib and short loin. Prices are high, but supplies are plentiful because demand is down. And there are specials at some stores.

There's good news at the frozen food cabinet, because of a price reduction in orange and grapefruit concentrate. And the price of fresh citrus makes it very competitive with the frozen concentrates. The citrus quality is good, too.

Cabbage, collards, rutabagas, coconuts and potatoes are good buys. And look for specials on canned fruits and vegetables. Black-eyed peas, either canned or dried, will be on sale.

Earthquake Prediction

A scientist says "creeping" of rock plates in the earth's crust, a phenomenon known as pre-seismic slip, could provide a key in predicting earthquakes like the devastating tremors that struck southern Italy last year.

On Alma's Dean's List

Timothy Miller, an Alma College senior from Grayling, is among the 192 students named to the college's Dean's List for outstanding academic performance during the 1981 Fall Term ending December 18, 1981. Students who achieve a 3.5 or better grade point average during a term, while carrying a minimum of 13 credits (at least 8 of which are evaluative grades), are named to the Dean's List.

Tim, a 1978 graduate of Essexville Garber High School, is the son of John and Peggy Miller, of Grayling. He is majoring in history and economics at Alma College.

STATE OF MICHIGAN
In The Circuit Court For The County of Crawford
Warbler's Hideaway Association, a Michigan non-profit corporation, Plaintiff,
vs.
Harley Tarrant, et al Defendants.

File No. 81 005-216 CH
ORDER TO ANSWER
At a session of said Court, held in the Crawford County Building, Grayling, Michigan, this 16th day of December, A.D. 1981.

PRESENT: Hon. William A. Porter, Circuit Judge.
On August 7, 1981, an action was filed by the Warbler's Hideaway Association, Plaintiff, against Esther Foley, among others, to foreclose an assessment lien filed April 29, 1981 in Liber 196, Pages 73-75, Crawford County Records, among other liens.

IT IS HEREBY ORDERED that Defendant Esther Foley shall answer or take such other action as may be permitted by law on or before February 10, 1982. Failure to comply with this Order will result in a decree of foreclosure by default against said Defendant for the relief demanded in the complaint filed in this Court, which relief will include sale of Defendant's lot, being Lot 31, Plat of Creekview No. 2, according to the plat thereof recorded in Liber 2, Page 22, Crawford County Records at Sheriff's sale for past due assessments, costs and attorney's fees.

Mortgage Sale

Default having been made on the part of the mortgagors in the terms and conditions of a certain mortgage given by Gary L. Smith and Barbara J. Smith, husband and wife, to First Savings and Loan Association of Saginaw, Michigan, a Michigan corporation, bearing date the 26th day of September, 1977 as recorded September 28, 1977 in Liber 163, page 359 Crawford County Records.

Because of said default, said Association by virtue of the option given it in said mortgage, has heretofore, and does now, declare the entire principal sum secured to be paid by said mortgage to be due and payable, and there is now claimed to be due and unpaid thereon the aggregate sum of \$30,342.09 Dollars and, as of the date of the sale, the sum of not less than \$30,589.45 Dollars plus costs of the sale and authorized disbursements, and no suit or proceedings having been instituted at law to recover said sum, the debt remaining secured by said mortgage, or any part thereof.

Therefore, by virtue of the power of sale in said mortgage contained, which has become operative by reason of said default and the statutes in such case made and provided, notice is hereby given that said mortgage will be foreclosed and the premises described therein sold at public auction to the highest bidder, by the Sheriff of said County, on the 2nd day of February, 1982, at two o'clock in the afternoon, at the front door of the Courthouse in the City of Grayling and County of Crawford, Michigan; said Courthouse being the place of holding the Circuit Court for said County, which premises are situate and being in the Township of Grayling, County of Crawford, State of Michigan, and described as follows:

Lots 1 and 2, Block 2, Karen Woods Subdivision.
The period of redemption is six months.

Candle in the dark

One stormy night our lights went out. The blackness was total. Little Mary screamed and grabbed me. The boys, trying to be brave, banged across the room.

I comforted them, trying to hold all against the terrors of the dark. Then the back door banged, and there was Bob standing in the door holding a lighted candle.

"Daddy, Daddy," cried the children, their fears forgotten, as the room resumed its safe proportions in the light. Gaily they helped to light the candles and build a roaring fire.

How like that candle is my church. The spiritual resources it offers light my life with a sense of proportion and confidence, no matter how dark things seem.

Your church can brighten your life, if you give it a chance.

The Grayling Mercantile Independent basketball team opened their season last week with an easy win over Lewiston and a disappointing loss to Gaylord.

Against Lewiston in the first game of the year, their opponents hit the first basket but then Grayling reeled off 18 straight points. Grayling raced to an easy 112-62 win behind Bruce Burkett's 17 points, Gary Fox's 16, Jim Tobin's 14, Kevin Milon's 14, Mike Chrisman's 14, and Mike Kucharek's 11.

Against Gaylord, Grayling fell behind early and never caught up. Gaylord jumped off to a 13-2 lead and was 17 up at halftime. Grayling pulled to within 8 points midway through the second half but never got any closer. Gaylord, playing short-handed with only one substitute on the bench and without the services of their three big men, consistently beat Grayling inside in scoring and rebounds. Gaylord also used hot outside shooting and accurate free throws to move their season record to 1-1, tied with Grayling.

Grayling's next game will be Sunday, Jan. 31, against Hillman at 7:30 p.m. All games are played in the Lewiston High School gym as part of the Johannesburg-Lewiston Community Education men's basketball league.

Bits O'Talk

By Fay Bovee

Dr. & Mrs. Oliver W. Hayes, nee Deborah Nethers, are happy to announce the birth of Emily Armstrong Hayes on Monday, January 4, 1982, weighing 6 lbs. 4 ozs. She arrived at Botsford General Hospital in Farmington Hills where her father is currently serving his medical internship. Emily's first visitors were her paternal grandparents, Wes & Pat Hayes of Beaver Creek and maternal grandparents, Ivan & Kathleen Nethers of Shepherd, formerly of Grayling.

**New Energy
 Technology
 Being Sought**

Lansing-Saving energy and creating new industry are the goals for a new Energy Technology Development Program announced today by Michigan Energy Administration Director Joann Neuroth. The program will provide financial assistance for development and demonstration of innovative energy devices or systems.

The Energy Administration intends to spend \$200,000 for projects which have the potential for commercial scale production. Individuals, non-profit organizations, state and local government agencies, and small businesses may apply for funding.

"This innovative program responds to Michigan's priorities of reducing energy consumption and dollars spent on energy imports, as well as diversifying the state's economic base," Neuroth said.

Projects which are at the prototype development stage and which are technically feasible may be eligible to receive funds. Applicants must share a portion of the project's total cost.

Applications will be accepted in two categories:

1. Prototype development of energy conservation or energy storage devices or systems.

2. Demonstration of a prototype which illustrates a renewable resource or energy conservation technology.

Energy Technology Development Program applications are now available. The deadline for submitting applications is Jan. 30, 1982.

For further information, contact the Energy Technology Development Program, Energy Administration, Michigan Department of Commerce, P.O. Box 30228, Lansing, Mich. 48909, or call the toll-free Energy Hotline at 1-800-292-4704.

Not Nuts

Peanuts grow underground and are not really nuts, but are related to peas, beans, and clover, National Geographic World points out. Half the peanuts harvested in the United States are made into peanut butter.

**Enertrol
 DIGISTAT**

**PROGRAMMABLE
 SETBACK
 THERMOSTAT**
 by american stabilis

A product of advanced technology, the Enertrol™ DIGISTAT automatically lowers and raises the temperature to maintain precise comfort levels. Separate multiple programs for weekdays, Saturdays and Sundays can be stored in the unit's microelectronic "memory." Once programmed the Enertrol™ DIGISTAT remembers to adjust heat and air conditioning temperatures to suit any schedule or lifestyle.

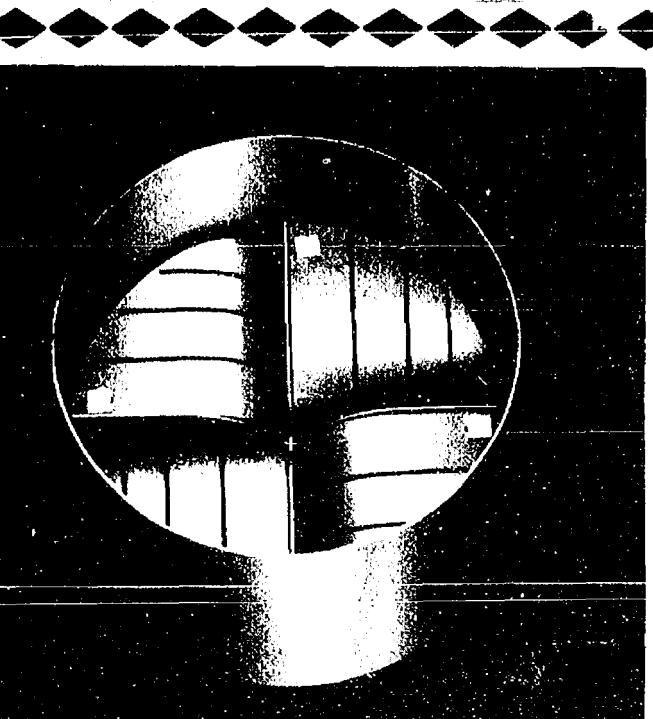

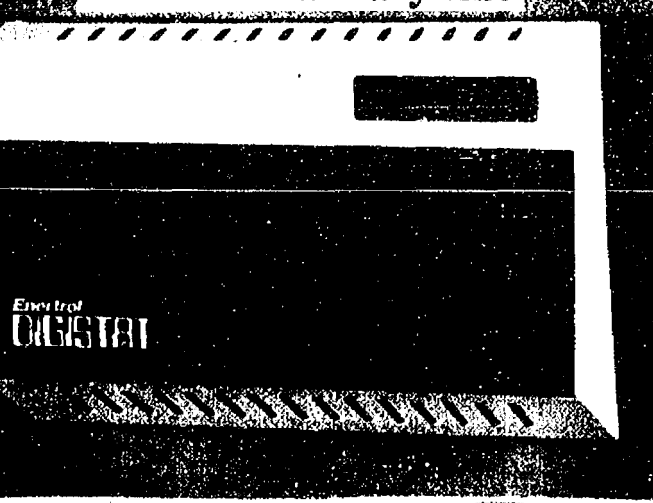

Check these features:

- ☐ Used with 24-volt power supply.
- ☐ Replaces existing thermostat—no additional power supply needed.
- ☐ May be used with both heating systems (2-wire or 3-wire) or heating and air conditioning systems (4-wire or 5-wire).
- ☐ Rechargeable battery back-up in case of power failure. (Battery not included)
- ☐ Qualifies for energy tax credits of 15%.

 THERMALLY ACTUATED VENT DAMPER

The AMERI-THERM Vent Damper has four bi-metal quadrants that remain in a closed position when the appliance is not in operation. Upon ignition of the appliance, the hot flue gasses reach the damper, causing the quadrants to flex to an open position in a short period of time. (Fig. 1) The flexing of the bi-metal quadrants is the only movement of the AMERI-THERM Vent Damper! The unit has been engineered for extreme simplicity by eliminating linkages, friction surfaces, bearings, electrical circuits and relays.

TAXES !

That's right! Beginning January 1, 1982, **ALL** wage earners can enjoy the tax saving benefits of an Individual Retirement Account (IRA). Even if your employer already has an established pension program, you can begin setting aside up to \$2,000.00 per year of **TAX DEFERRED** income in your own IRA.

Funds (principal and interest) in an IRA remain tax free until you retire, at which time you will probably be in a lower tax bracket. And you don't need \$2,000.00 to qualify... that is the maximum you can deposit. You can deposit from earnings any amount you wish up to \$2,000.00... and at any time you wish. In fact, payroll deductions may be a perfect way for you to systematically invest in your IRA.

At First Savings, you will receive a top return on your deposit. And unlike most other IRA programs, your funds are insured up to \$100,000.00 by the FSLIC, an agency of the federal government. IRS regulations provide for substantial penalties for withdrawal from IRA accounts before age 59 1/2. Federal regulations also require substantial penalties for early withdrawal.

If you were to deposit \$2,000.00 per year and receive a 12%* yield, here's a sample of how fast your funds would accumulate.

5 yrs	10 yrs	15 yrs	20 yrs	25 yrs	30 yrs
\$14,458.00	\$40,570.00	\$87,732.00	\$172,913.00	\$376,759.00	\$604,625.00

*The rate you actually earn may be higher or lower than 12%. This is used for illustrative purposes only.
